Ryan-Matura Library

The Ryan-Matura Library is the place to go for information, whether it is the answer to a factual question or extended research for a term paper. Librarians are available at all times at the reference desk to answer questions and assist students in doing research. Instruction sessions are also conducted for class groups to make them familiar with the library and the research process. If the library does not own a desired resource, librarians will help students find it in other libraries, in commercial databases or on the Internet.

Most areas of the library are automated and require no special expertise. All the workstations have user-friendly software that both speeds up and simplifies the research process.

Periodicals and periodical indexes, including newspapers are found in print, film and electronic format. Any book or periodical not found in the

library can be obtained from another library through interlibrary loan.

At present the Ryan-Matura Library holds approximately 125,000 print volumes and 83,000 non-print items including audiovisual materials and over 2,500 periodical subscriptions. These include a significant number of full-text electronic journals available on more than 25 online index and abstracting databases or reference services that can be reached 24 hours a day/7 days a week from links on the library home page.

The library's web site is located at <http://library.sacredheart.edu>. It provides access to the library catalog, information about the library, electronic reserve reading, links to research databases and other related information. Databases are available from campus and home.

The library also houses the Jandrisevits Learning Center as well as the lounge for students enrolled in the Honors Program.

Community Resources

Center for Christian-Jewish Understanding (CCJU)

The CCJU is an educational and research division of Sacred Heart University. The center draws together clergy, laity, scholars, theologians and educators in various modes of interaction to focus on current religious thinking within Christianity and Judaism.

As each tradition reevaluates attitudes toward the other, the center fosters the exploration of the major philosophical and theological issues on the frontier of the Christian-Jewish dialogue, as these are formulated by scholars at the international and national levels.

The center's mission is to develop programs and publications to overcome deep-seated antagonisms, based on centuries of hostility and mutual estrangement, that recent progress has not yet healed. It hopes to foster greater knowledge and understanding of the religious traditions of Christianity and Judaism and the history of their relationship, and to provide a forum for dialogue. It promotes independent research and serves as a vehicle for processing and circulating its findings to appropriate institutions around the world.
