Connect with Public Safety on Facebook, Twitter & iTunes

Public Safety is now on Facebook and Twitter! Occasionally, the Department will post campus safety tips and provide links to important information that will be maintained on the Public Safety website. Public Safety has also posted a number of safety videos for viewing on iTunes U. Connect with us on Facebook, request to follow us on Twitter and watch our videos on iTunes by clicking on the appropriate icon.

Public Safety Goes "Green" with New Hybrid Fleet

Public Safety has added four Ford Fusion Hybrids to its fleet of vehicles. The new hybrids run on a traditional combustion engine in partnership with an electric battery. As a result, the gases emitted from the new vehicles are significantly reduced compared to the former Ford Explorers they replaced.
