WHAT’S NEW AT SACRED HEART

SHU is ranked one of the fastest-growing Catholic colleges in the United States. Located just outside of New York City, we welcomed our largest ever freshman class of over 1500 students in Fall 2018 - up from 950 just 5 years ago. In an era when many colleges are downsizing, SHU continues to build, to acquire, to grow and to expand!

SHU’s campus has doubled with the addition of the 66-acre former world headquarters of General Electric (GE). It will house our College of Business, Computer Science and Cybersecurity, and Computer and Electrical Engineering programs. It will have one of the largest engineering “Makers Labs” on the east coast.

A state-of-the-art Center for Healthcare Education facility opened in September 2017, an amazing resource for our pre-medical, athletic training, exercise science & nutrition, nursing, physical therapy, occupational therapy, public health, and physician assistant students.

Two new residence halls opened in 2017 and 2018. Construction has begun on the new upper quad, which will eventually house 6 brand new undergraduate residence halls, stores, and a tennis center.

The new undergraduate program in Hospitality & Tourism Management launched in Fall 2018 at SHU’s West Campus and the Great River Golf Club.

The new Bobby Valentine Athletic Training Facility will open in 2019 and will feature a suspended indoor track, a bowling center, an 18-bike spin center, a 45-foot climbing wall, exercise and weight-training rooms and a protein and juice bar.

In addition to our undergraduate Computer Engineering (launched 2017), Electrical Engineering (coming 2019), SHU offers 3+2 Engineering programs in partnership with Columbia University and Rensselaer Polytechnic Institute.
ENGLISH LANGUAGE INSTITUTE
