Minimum 120 credits required for Bachelor's degree	
Foundational Core (30-32 Credits)	Grade

FYWS 125 ¹	First Year Seminar	
CTL 125	Critical Thinking	
MA 101	Foundational Core Math course	
Choose 1 course from each area *		
² Natural/Physical Science		
Literature		
History	HI-100 or HI-102	
Arts/Design/Comm.		
Philosophy		
Theology/Relig		
Social/Behavioral Science		

Human Journey Seminars: Great Books in CIT (6 Credits)

CIT 201	CIT Seminar I	
CIT 202	CIT Seminar II	

Liberal Arts Explorations (LAE) (9 Credits Total)

Student must complete one course in each area. (see list on Registrar's Website - checksheets)

Humanistic Inquiry (3 credits)		
Social and Global Awareness (3 credits)		
Scientific Literacy (3 credits)		

* See list of courses.

¹(Requires Grade C or higher)

²Science/Natural Science courses includes

approved Math and Computer Science courses. Students are required to take at least one course in Biology, Chemistry, or Physics in the Foundational or Liberal Arts Exploration Core. CS and MA courses may be used as a Science/Natural Science in either the Foundational Core or as a requirement in the LAE Core but not in both categories.

Note: MA 006 and ESL courses **will not** count towards the 120 credit graduation requirement.

Approved Study Abroad courses may be used to satisfy requirements for the foundational core or a Liberal Arts Exploration

A maximum of 8 Applied Music credits may be applied towards graduation

Required Curriculum for Degree in Major

[illegible]

Required Supporting courses

ED 301	Introduction to Exceptionalities	
ED 302	Education in the United States	
BI 111	Concepts in Biology	
BI 113	Concepts in Biology Lab	
PY 103	Physics of Sound	
MA 131	Elementary Statistics	
PS 110	Introduction to Psychology	
PS 252	Child Development Psychology	
HS 204	Introduction to Research in Health Science	
HS 309	Professional Interactions in Health Care	
	Any foreign language (6 credits)	

General Electives (number of credits vary)

[illegible]

Checksheet Key

T	Course transferred and Requirement satisfied
W	Requirement waived
TW	Course transferred and Requirement waived

Elective	Free Elective	Elective	Free Elective		

revised 11/2021

Free electives can be obtained by declaring any minor at SHU.

Purple=Either semester

Blue = Must stay in sequence

Red= must take sophomore year; either during Fall OR Spring semester. Only taken once.

***Please note** that only one Winter course is allowed during the Winter semester of the first year. All other summer and winter course needs will depend on amount of transfer credits students bring into SHU. See below for transfer credit policy.

Transfer Credit: Credit is awarded from regionally accredited colleges and universities offerings. SHU reserves the right to examine selected courses to determine whether for courses that carry grades of C or better and that parallel Sacred Heart University (SHU) or not their content and quality fit the University's purpose and goals. SHU will accept a maximum of 66 credits from 2-year schools and 90 credits from 4-year institutions. For those students who come in with at least 60 credits from a regionally accredited 2-or 4-year institution, the standard SHU Core Curriculum will be waived. However, in order to earn a Bachelor's degree from Sacred Heart University, students will need (1) CIT 202 and (2) at least 40 credits (including transfer credits) in general education: humanities, social/behavioral sciences, math, natural sciences, and/or computer science. Students should review their major checklist and degree evaluations after transfer credits are posted to their SHU transcript.
