** Students must contact the Accounting Internship Coordinator by end of Fall of Junior Year. All internships must be pre-approved

¹(Requires Grade C or higher)

²Science/Natural Science courses includes approved Math and Computer Science courses. Students are required to take at least one course in Biology, Chemistry, or Physics in the Foundational or Liberal Arts Exploration Core.

CS and MA courses may be used as a Science/Natural Science in either the Foundational Core or as a requirement in the LAE Core but not in both categories.

A maximum of 8 Applied Music credits may be applied towards graduation

Approved Study Abroad courses may be used to satisfy requirements for the foundational core or a Liberal Arts Exploration

³Considering the number of electives, students are encouraged to do a double major

Note: MA 006 and ESL courses **will not** count towards the 120 credit graduation requirement.

Checksheets Key

T	Course transferred and Requirement satisfied
W	Requirement waived
TW	Course transferred and Requirement waived

Sacred Heart UNIVERSITY

JACK WELCH COLLEGE OF BUSINESS & TECHNOLOGY

BS in Accounting (Fall 2022 & Later)

The Accounting major prepares students for a career in corporate, governmental and public accounting. The discipline involves the assessment and interpretation of an organization's financial framework, which includes not only external financial reporting requirements but internal planning and controlling procedures. The analysis includes the global and ethical issues confronting the business landscape in the millennium and beyond. Accounting capsules foundational issues of business, culture and society in a creative and exciting manner.

The Accounting curriculum is designed to meet the short and long term needs of students wishing to pursue a career in the public and private arenas. Our program allows students to begin their career after graduation or continue their education on the graduate level. Undergraduate accounting is viewed as a starting point in a life long learning experience required by the dynamic environment of the business workplace. An SHU accounting degree will prepare our students for the professional examinations such as a Certified Public Accountant (CPA), Certified Management Accountant (CMA), or Certified Internal Auditor (CIA).

Highlights

- The Jack Welch College of Business and Technology of Sacred Heart University is accredited by the Association to Advance Collegiate Schools of Business (AACSB), the premiere accrediting body in the World.
- Accounting faculty members possess diverse experience in public accounting, corporations and academia and are actively involved in research and professional activities.
- The Accounting Club is made up of accounting majors who meet frequently during the semester to explore topics "beyond the classroom". The club provides exposure to accounting professionals in the corporate and public arenas including: Institute of Management Accountant (IMA), Connecticut Society of CPA's (CSCPA), Financial Executives Institute (FEI) and the Internal Revenue Service (IRS).
